

VERMONT FOSTER & ADOPTIVE FAMILY ASSOCIATION

2018 Children's Activity Fund Request Form

VFafa has a limited amount of money available that can be used to reduce the cost of enrichment activities for children in foster care or adoptive forever homes.

The eligibility criteria are:

- a child is in the custody of DCF/adoptive forever home
- a child is living in a DCF foster/adoptive forever home
- the child has not already received a grant in the current calendar year

Funding is on a first-come, first-served basis and may only be applied to enrichment activities. It is not meant to cover treatment or educational expenses. The amount of funding may vary based on the request, but will not exceed \$100. Children and youth are encouraged to contribute to the cost as appropriate. Checks will be made out directly to the organization unless the foster/adoptive parent has provided payment. If foster/adoptive parent has provided payment, they will be reimbursed upon the submission with appropriate receipt(s) and this form. Receipts must be legible with the amounts, activity, and the organization's name clearly identified.
